INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the City Council
Helper City
Helper, Utah 84526

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund, and the aggregate remaining fund information of Helper City, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Helper City, as of June 30, 2006, and the respective changes in financial position, and the respective budgetary comparison for the General Fund and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 20, 2006, on our consideration of Helper City's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 3 through 10 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Helper City's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements of Helper City. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**HELPER MUNICIPAL CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2006**

Our discussion and analysis of Helper Municipal Corporation's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2006. This report is in conjunction with the City's financial statements.

FINANCIAL HIGHLIGHTS

- ❖ The City's net assets increased \$624,370 as a result of this year's operations. Net assets of our governmental activities increased \$624,244, which is a 9.17 percent increase over last years. Our net assets of our business-type activities increased \$126, which is a 0.003 percent increase over last year.
- ❖ In the City's governmental activities, direct revenues of \$1,499,948 were \$67,206 more than the direct expenses of \$1,432,742 for these types of activities.
- ❖ In the City's business-type activities, direct revenues of \$1,476,246 were \$15,617 more than the direct expenses of \$1,460,629 for these types of activities.
- ❖ Property Tax revenue for the year ended June 30, 2006 was \$133,362, Sales and Franchise Tax was \$379,132. Property Tax revenue increased \$93, while Sales and Franchise Tax increased \$48,293 from the previous fiscal year.
- ❖ The Swimming Pool – Capital Projects Fund received \$400,694 in grants from the Permanent Community Impact Board (CIB) along with a zero percent loan of \$892,000 for the construction of a new swimming pool.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The financial reports: Statement of Net Assets and the Statement of Activities (on pages 11-12) provide information about the activities of the City as a whole and present a long-term view of the City's finances. Fund financial statements start on page 13. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most financially significant funds.

REPORTING THE CITY AS A WHOLE

Our analysis of the City as a whole begins on page 11. The Statement of Net Assets and Statement of Activities report information about the City as a whole and about its activities in a way that helps determine if the City is better or worse off as a result of the year's activities. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting method used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

REPORTING THE CITY AS A WHOLE (Continued)

These two statements report the City's *net assets* and changes in them. Net assets equal the difference between assets and liabilities. This is one way to measure the City's financial position. Increases or decreases in the City's net assets are one indicator of whether the financial position of the City is improving or deteriorating. You will need to consider other non-financial factors, such as changes in the City's property tax base and the condition of the City's roads, water lines, sewer lines, drainage systems, and other capital assets to assess the overall health of the City.

In the Statement of Net Assets and the Statement of Activities, we divide the City into two kinds of activities:

Governmental activities - Most of the City's basic services are reported here, including the general and administration cost, contributions to other agencies, police, fire, public works, parks department and interest on long-term debt. Property taxes, franchise fees, fines, sales taxes and state and federal grants finance most of these activities.

Business-type activities—The City charges a fee to customers to help cover all or most of the cost of the services it provides. The City's water, sewer, electric, and garbage services are reported here.

Reporting the City's Most Significant Funds

Our analysis of the City's major funds begins on page 13. The fund financial statements begin on page 13 and provide detailed information about the most significant funds – not the City as a whole. Some funds are required to be established by State law and by bond covenants. The City established other funds to help it control and manage money for particular purposes (special revenue and capital projects payments) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The City's two kinds of funds – *governmental* and *proprietary* – use different accounting approaches.

Governmental funds—Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term* view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship or differences between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities) and governmental *funds* in a reconciliation at the bottom of the fund financial statements.

Proprietary funds – When the City charges customers for the services it provides – to outside customers – these services are generally reported in proprietary funds. Proprietary funds are reported the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the City's Enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements, but provide more detail and additional information, such as cash flows, for proprietary funds.

The City as Trustee

The City is a trustee – it is responsible for other assets that – because of a trust arrangement – can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets on pages 23 and 24. We exclude these activities from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business. The City's Statement of Net Assets, which decreased during the current calendar year, presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. The government-wide financial statements include the City's activity only. If the City (the primary government) had accountability to any other entity (known as a component unit), that information would also be presented in the government-wide financial statements. The analysis below, focuses on the net assets (Table 1), and changes in net assets (Table 2), of the City's governmental and business-type activities.

Table 1
Net Assets

	Governmental Activities		Business-type Activities		Total Primary Government

The City's operational goals for future years is to continue to strive to use the allotted funds in the best interest of the City and those who are served by the City's operations. As revenues increase, the funds will be used to make necessary improvements in government operations, road and recreation improvements, utility improvements and purchase of supplies and equipment that are appropriate and beneficial.

Governmental Activities

Revenues for the City's governmental type activities, increased \$796,536, a 61.81 percent increase., the majority of this increase is attributable to the CIB grant of \$400,694. Total expenses using these funds increased \$149,470, an increase of 11.40 percent. Property and sales tax revenues both increased over the prior year by \$93 and \$48,293, respectively. The largest increase in expenditures occurred in public safety. The largest sources of funds are Sales and Franchise taxes and capital grants and contributions. These funds, and other special grants, enable the City the opportunity to fund a variety of improvement and recreation projects. An overall increase in the revenues of approximately 61.81 percent compared to an increase of approximately 11.40 percent in expenditures has resulted in the increase in net assets for governmental activities of \$624,244 in 2006.

The cost of all governmental activities this year was \$1,460,962. As shown in the Statement of Activities on page 12, Sales and franchise tax revenue and the grants received paid for the majority of these activities. Class "C" road revenue of \$93,020 helped pay 24.24% percent of the Highway and public improvements costs. Overall, the City's governmental program revenues \$1,499,948 paid 100 percent of the governmental activities expenditures.

Governmental Activities (Continued)

Costs of the City are centered within several programs—General government, Public safety, Highways and public improvements, Parks and recreation, Community and economic development and interest on long-term debt. The net cost of expenditures (over) specific program revenues shows the financial burden that utilizes the Property taxes, Sales and franchise taxes and the transfer from the Electric fund.

Business-type Activities

Revenues of the City's business-type activities decreased 23.82 percent (\$1,483,810 compared to \$1,947,641) while expenses only decreased 0.80 percent (\$1,483,684 compared to \$1,495,616). The overall changes for the business-type activities revenues is the result of the City receiving a large grant in the prior year from the CIB for the improvements to the culinary water system. Water revenues increased 2.95 percent and electric revenues decreased 3.70 percent. Electric expenses increased 40.46 percent and water expenses decreased 4.74 percent over the prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the City revised their budget once. The original budget was adopted on June 16, 2005 and was adjusted on June 15, 2006. The budget was amended from \$1,376,934 to \$1,374,947. The differences in the original budget and final amended budget are summarized as follows:

- ❖ \$74,200 decrease in intergovernmental funds
- ❖ \$69,700 increase in charges for services revenue
- ❖ \$4,500 increase in miscellaneous revenues
- ❖ \$3,214 decrease in general government expenditures
- ❖ \$45,137 increase in public safety expenditures
- ❖ \$16,645 decrease in highways and public improvement expenditures
- ❖ \$27,265 decrease in parks, recreation and public property expenditures

The actual charges for expenditures were \$1,269,836. This was \$105,111 below the final budgeted amount.

Resources for revenues were \$1,240,391. This was \$136,543 below the final budgeted amount. The most significant negative variance (\$160,398) occurred in intergovernmental revenue.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of June 30, 2006, the City had \$10,637,377, invested in a broad range of capital assets, including water stock, museum artifacts, land, buildings, improvements other than buildings, machinery and equipment, infrastructure and work in progress (see Table 4 below). This amount represents a net decrease (including additions and deletions) of \$291,786, or a 2.67 percent decrease over the previous year.

Table 4
Capital Assets at Year-End
(Net of Depreciation)

Infrastructure	2,226,720	2,346,478			2,226,720	2,346,478
Work in progress	1,601,312	1,538,856			1,601,312	1,538,856
Total assets activities	<u>\$ 6,985,249</u>	<u>\$ 7,085,319</u>	<u>\$ 3,652,128</u>	<u>\$ 3,843,844</u>	<u>\$ 10,637,377</u>	<u>\$ 10,929,163</u>

This year's major additions include:

Capital improvements:

Purchase of four new police cars	
Paid for with grant proceeds from the CIB	\$ 120,689
Construction in progress on new swimming pool	
Paid for with loan and grant proceeds from the CIB	62,456
Purchase of a Bobcat mini excavator	
Paid for with grant proceeds from the CIB	17,100

CAPITAL ASSET AND DEBT ADMINISTRATION (Continued)

The City's fiscal year 2006 capital budget calls for spending on capital projects, principally for improvements to be made to the Museum and the construction of a new swimming pool. More detailed information about the City's capital assets is presented in the notes to the financial statements.

Long-term debt

As of June 30, 2006, the City had \$1,741,000 in bonds outstanding. The debt represents refunding bonds and revenue bonds secured solely by specified revenue sources. The following table (table 5) shows the outstanding debt for the current and prior years.

Table 5
Outstanding Debt as of
June 30, 2006 and 2005

	Governmental Activities		Business-type Activities		Totals Primary Government	
	2006	2005	2006	2005	2006	2005
Refunding bonds payable			\$ 42,000	\$ 60,000	\$ 42,000	\$ 60,000
Revenue bonds payable	\$ 1,527,000	\$ 661,000	172,000	193,000	1,699,000	854,000
Total debt	\$ 1,527,000	\$ 661,000	\$ 214,000	\$ 253,000	\$ 1,741,000	\$ 914,000

Helper City issued \$892,000 of taxable lease revenue and refunding bonds during the current fiscal year. The City is not planning to add additional debt in the next fiscal year. More detailed information about the City's long-term liabilities is presented in the notes to the financial statements.

ECONOMIC FORECAST AND FUTURE BUDGET

Helper City's Mayor and Council considered many factors in this year's 2006-07 budget sessions. In 2006, the new Mayor and Council are working towards increase economic development in increase sales tax revenue. The City has begun building a new swimming pool in hopes that this will attract some new families to Helper adding to the economic development.

The General fund budget is projected to be \$1,288,589, which is \$88,345 lower than the previous fiscal year.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our community with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City Recorder, Jona Skerl at PO Box 221, 73 South Main Helper, Utah 84526.

HELPER MUNICIPAL CORPORATION
RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET ASSETS
JUNE 30, 2006

Total fund balances - governmental fund types: \$ 1,978,863

Capital assets used in governmental activities are not financial resources and, therefore,
are not reported in the funds.

Land and easements	\$ 94,560	
Museum artifacts	1,481,305	
Buildings	647,080	
Improvements other than buildings	331,352	
Machinery and equipment	602,920	
Infrastructure	2,226,720	
Work in progress	<u>1,601,312</u>	6,985,249

Bond issuance costs are reported as expenditures in the governmental funds.
The cost \$17,301 less the accumulated amortization of \$558.

16,743

Long-term liabilities, including bonds payable, are not due and payable in the current
period and therefore are not reported in the funds.

Bond interest payable	\$ (15,420)	
Bonds payable - current portion	(27,000)	
Bonds payable - one year	(1,500,000)	
Compensated absences	<u>(6,280)</u>	<u>(1,548,700)</u>

Net assets of governmental activities

\$ 7,432,155

"The notes to the financial statements are an integral part of this statement."

"The notes to the financial statements are an integral part of this statement."

HELPER MUNICIPAL CORPORATION
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2006

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$	1,574,694
---	----	-----------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$254,995) exceeded capital outlay (\$183,145) in the current period.		(71,850)
--	--	----------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items and is as follows:

Revenue bonds issued	\$ (892,000)	
Bond issuance costs	17,301	
Repayment of bond principal	26,000	
Interest expense - revenue bonds	510	
Amortization of bond issuance costs	<u>(558)</u>	(848,747)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		<u>(29,853)</u>
---	--	-----------------

Change in net assets of governmental activities	\$	<u>624,244</u>
---	----	----------------

"The notes to the financial statements are an integral part of this statement."

**HELPER MUNICIPAL CORPORATION
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

1. HISTORY AND ORGANIZATION

Helper Municipal Corporation (the City) is a municipal corporation governed by an elected mayor and five-member council. The City, incorporated in 1915, provides the following services: public safety, public utilities, street and public improvements, sanitation, planning and zoning, culture and recreation, and general administrative services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the City are described below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. Certain of the significant changes in the Statement include the following:

Management's Discussion and Analysis (MD&A) section providing an analysis of the City's overall financial position and results of operations.

Financial statements prepared using full-accrual accounting for all of the City's activities, including infrastructure (roads, bridges, etc.).

Change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to the financial statements).

A. Reporting Entity

All financial activities over which the City has financial responsibility are included in this report. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the City's operations. The basic criteria for including an entity, a board, or an agency in this report is the existence and exercise of financial accountability; consideration has been given to financial interdependency, ability to designate management, ability to significantly influence operations, and accountability for fiscal matters.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (Continued)**

A. **Reporting Entity (Continued)**

Blended Component Unit

The Helper City Redevelopment Agency is included in this report as the Redevelopment Agency (RDA), a special revenue fund, which is a component unit blended in the City's financial statements. Although the RDA is clearly established as a separate entity under state law, it is included due to financial accountability and the extensive oversight provided by the City. Members of the City Council serve as the Board of Directors of the RDA.

B. **Government-Wide and Fund Financial Statements**

Generally accepted accounting principles (GAAP) require that state and local governments provide a government-wide statement of net assets and a government-wide statement of activities. The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) are required to be presented using the economic resources measurement focus and the accrual basis of accounting, the same measurement focus and basis of accounting employed by private-sector business enterprises and not-for-profit organizations. The statements report information on all of the non-fiduciary activities of the City and its component units. Government activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirement of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The statement of net assets is the basic government-wide statement of position that presents all of the City's permanent accounts (assets, liabilities, and net assets).

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year in which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (Continued)**

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Cont.)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Sales taxes, property taxes, franchise taxes, interest, and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are recognized as revenue in the year for which they are levied. Amounts received or recognized as receivable at fiscal year end are included in the financial statements as taxes receivable and deferred revenue. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

General Fund – The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those that are required to be accounted for in another fund.

Capital Projects Fund – Swimming Pool – This fund accounts for the financial resources to be used for the construction of a swimming pool and related facilities.

Capital Projects Fund – Museum – This fund accounts for the financial resources to be used for the construction of the new addition to the museum.

The City reports the following major proprietary funds:

The Water, Sewer, Electric, Garbage Funds account for the operation and maintenance of the City's garbage collection, water, sewer and electric distribution systems.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (Continued)**

C. **Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Cont.)**

Proprietary funds distinguish operating revenues and expense from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources, as they are needed.

D. **Budgetary Data**

Budgets are presented on the modified accrual basis of accounting for all governmental funds and on the accrual basis for proprietary funds. Budgets are not adopted for the Helper City Trust Fund. All annual appropriations lapse at fiscal year end. The following procedures are used in establishing the budgetary data reflected in the financial statements.

1. During May of each year, the Mayor submits to the City Council a proposed operating budget for the next fiscal year commencing July 1st. The operating budget includes proposed expenditures and the proposed sources of revenues. A final budget for the current year ending June 30 is also included.
2. Copies of the proposed budget are made available for public inspection and review by the citizens of the City.
3. If the City does not exceed the certified tax rate, a public hearing is held prior to June 22 and the budget is legally adopted through passage of a resolution. If the City exceeds the certified tax rate, the budget is adopted in August when data is available to set the rates.
4. Once adopted, the budget can be amended by subsequent City Council action. The City Council can approve reductions in appropriations, but increases in appropriations, by fund, require a public hearing prior to amending the budget. In accordance with Utah State law, interim adjustments may be made by the administrative transfer of money from one appropriation to another within any given fund.
5. Minor interim adjustments in estimated revenues and appropriations during the year ended June 30, 2006, have been included in the final budget approved by the City Council, as presented in the financial statements.
6. Expenditures may not legally exceed budgeted appropriations at the department level for the General Fund and the fund level for all other funds.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (Continued)**

E. **Cash and Cash Equivalents**

The City considers cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition, including investments in the Public Treasurers' Investment Fund (PTIF), to be cash and cash equivalents.

F. **Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

G. **Capital Assets**

Capital assets, which include water stock, land, artifacts, buildings, improvements, equipment, infrastructure assets (e.g., roads, curb, gutter, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of assets or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during construction is not capitalized.

Buildings, improvements, equipment, and infrastructure assets of the City are depreciated using the straight-line method over the following estimated lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Improvements	20
Machinery and equipment	5-20
Infrastructure	40

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICES (Continued)**

H. Compensated Absences

Accumulated unpaid vacation is accrued as incurred based on the years of service for each employee. Vacation is accumulated on a monthly basis and is fully vested when earned. At retirement, death, or termination, all unpaid accrued vacation is paid. Actual liability for unused vacation has been computed using current pay rate per hour for each hour of vacation.

I. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

J. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

3. **DEPOSITS AND INVESTMENTS**

Deposits and investments for the City and its blended component unit is governed by the Utah Money Management Act (Utah Code, Title 51, Chapter 7) and rules of the State of Utah Money Management Council.

The City follows the requirements of the Utah Money Management Act (Utah Code, Section 51, Chapter 7) in handling its depository and investment transactions. The Act requires the depositing of City funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

Deposits

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the fund financial statements as cash and investments. Income from the investment of pooled cash is allocated based on each fund's portion of the pool. In addition, cash is separately held by individual funds.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a formal deposit policy for custodial credit risk. At June 30, 2006, the City's bank balance of cash on deposit was \$873,911 of this amount, \$102,051 was insured. But \$771,860 of the deposits are uninsured and uncollateralized.

3. DEPOSITS AND INVESTMENTS (Continued)

Investments

The Money Management Act defines the types of securities authorized as appropriate investments for the City and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the City to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investors Services or Standard & Poor's; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Act; and the Utah State Public Treasurer's Investment Fund.

The Utah State Treasurer's Office operates the Public Treasurer's Investment Fund (PTIF). The PTIF is available for investment of funds administered by any Utah public treasurer. The PTIF is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act, Section 51-7, and Utah Code Annotated, 1953, as amended. The Act established the Money Management Council, which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses – net of administration fees, of the PTIF are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

As of June 30, 2006, the City had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	6-10	More than 10
State of Utah Public Treasurer's Investment Fund	\$ 1,965,678	\$ 1,965,678			
Total Investments	\$ 1,965,678	\$ 1,965,678	\$...	\$...	\$...

3. DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City manages this risk in part by investing in the Utah Public Treasurers Investment Fund. The City also manages its exposure to fair value loss arising from increasing interest rates is to comply with the State's Money Management Act. Section 51-7-11 of the Act requires that the remaining term to maturity of investments may not exceed the period of availability of the funds to be invested. The Act further limits the remaining term to maturity on all investments in commercial paper, bankers' acceptance, fixed rate negotiable deposits, and fixed rate corporate obligations to 270-365 days or less. In addition, variable rate negotiable deposits and variable rate securities may not have a remaining term to final maturity exceeding 2 years.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City has not adopted a formal policy with regards to credit risk on investments but the City informally follows the policy for reducing its exposure to credit risk is to comply with the State's Money Management Act as previously discussed.

At June 30, 2006, the City had the following investments and quality ratings:

<u>Investment Type</u>	<u>Fair Value</u>	<u>AAA</u>	<u>AA</u>	<u>A</u>	<u>Unrated</u>
State of Utah Public Treasurer's Investment Fund	\$ 1,965,678				\$ 1,965,678
Total	\$ 1,965,678	\$...	\$...	\$...	\$ 1,965,678

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's informal policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. No more than 5% of all funds may be invested in securities of a corporation that has been in continuous operation for less than three years. No more than 5% of the outstanding voting securities of any one corporation may be held. In addition, Rule 2 limits investment concentrations in certain types of investments. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

3. **DEPOSITS AND INVESTMENTS (Continued)**

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a formal policy for custodial credit risk. As of June 30, 2006, the City had \$1,965,678 invested in the Public Treasurer's Investment Fund and was held by them.

4. **RESTRICTED CASH**

The following funds owned by Helper Municipal Corporation at June 30, 2006 were being held in the following restricted capacity. In connection with bond agreements, the City has established bond sinking and bond reserve funds. These funds are to assure that adequate money is available to service debt payments as they come due. Reserved amounts are shown below, along with other restricted funds.

Enterprise Funds

Sinking funds	\$ 27,268
Reserve accounts	49,764
Customer deposits	<u>142,417</u>
	<u>\$ 219,449</u>

General Fund

Debt reserve funds	\$ 42,918
Class "C" roads	<u>114,090</u>
	<u>157,008</u>

Capital Projects Funds

Swimming pool	\$ 1,318,666
Rio theatre	39,457
Museum project	<u>340,114</u>
	<u>\$ 1,698,237</u>

Special Revenue Fund

Redevelopment agency	<u>\$ 18,669</u>
----------------------	------------------

5. **PROPERTY TAXES**

The property tax revenue of the City is collected and distributed by the Carbon County treasurer as an agent of the City. Utah statutes establish the process by which taxes are levied and collected. The county assessor is required to assess real property as of January 1 and complete the tax rolls by May 15. By July 21, the county auditor is to mail assessed value and tax notices to property owners. A taxpayer may then petition the County Board of Equalization between August 1 and August 15 for a revision of the assessed value. The county auditor makes approved changes in assessed value by November 1 and on this same date the county auditor is to deliver the completed assessment rolls to the county treasurer. Tax notices are mailed with a due date of November 30. Delinquent taxes are subject to a 2% penalty, with a \$10 minimum penalty. If delinquent taxes and penalties are not paid by January 15 of the following year, these delinquent taxes, including penalties, are subject to an interest charge at an annual rate equal to the federal discount rate plus 6%; the interest period is from January 1 until the date paid.

As of June 30, 2006, property taxes receivable consist of 1) delinquent taxes assessed but uncollected for calendar year 2005 and earlier and 2) taxes assessed as of January 1, 2006, but are not due and payable until November 30, 2006. It is expected that all delinquencies, plus accrued interest and penalties, will be collected within a five-year period, during which time, the County treasurer may force the sale of property to collect the delinquent portion. Only the portion of property taxes receivable that meets the revenue recognition criteria is reported as revenue in the fund financial statements.

Beginning January 1, 1992, there was levied, in lieu of the ad valorem tax, an annual uniform fee based on the value of motor vehicles. The uniform fee was 1.5% of the fair market statewide value of the property, as established by the State Tax Commission. On January 1, 1999, legislation became effective which made motor vehicles weighing 12,000 pounds or less subject to an "age-based" fee that is due each time the vehicle is registered. The revenues collected in each county from the uniform fee, are distributed by the county to each taxing entity in which, the property is located in the same proportion in which, revenue collected from ad valorem real property tax is distributed. The City recognizes age-based fees as revenues when collected by the County.

6. **PROPERTY TAX CALENDAR**

The City adopts, by June 22, the proposed tax rates as part of its budget for the current year, which begins July 1. If the proposed rates exceed a certified tax rate, a special public hearing must be held before the final rate is adopted. The final tax rate is assessed by the county assessor on property in the county as of July 1. The taxes are payable to the city treasurer by the end of November and are remitted to the City by the county treasurer as collected.

7. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2006 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Primary Government				
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 94,560			\$ 94,560
Museum artifacts	1,481,305			1,481,305
Work in progress	<u>1,538,856</u>	<u>\$ 62,456</u>		<u>1,601,312</u>
 Total capital assets not being depreciated	 <u>\$ 3,114,721</u>	 <u>\$ 62,456</u>	 <u>\$...</u>	 <u>\$ 3,177,177</u>

Total depreciation expense - business-type activities	<u>\$ 224,866</u>

8. **PENSION PLANS**

Cost Sharing Defined Benefit Pension Plans

Plan Description – The City contributes to the Local Governmental Contributory Retirement System and Local Governmental Noncontributory Retirement System, Public Safety Retirement System for employers with Social Security coverage, and Firefighters Retirement System, which is for employers with Social Security coverage, all of which are cost-sharing multiple-employer defined benefit pension plans administered by the Utah Retirement Systems (the Systems). The Systems provide refunds, retirement benefits, annual cost of living adjustments and death benefits to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated 1953 as amended. The Utah State Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (the Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for the Local Governmental Contributory Retirement System, Local Governmental Noncontributory Retirement System, Public Safety Retirement System for employers with Social Security coverage, and Firefighters Retirement System, which is for employers with Social Security coverage. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, Utah 84102 or by calling 1-800-365-8772.

8. **PENSION PLANS (Continued)**

Funding Policy - Plan members in the Local Governmental Noncontributory Retirement System, Helper City is required to contribute 11.09% of their annual covered salary. In the Public Safety Retirement System for employers with (without) Social Security coverage contributory division, Helper City is required to contribute 19.34% of their annual covered salary for members in the noncontributory division. The contribution rates are the actuarially determined rates. The contribution requirements of the Systems are authorized by statute and specified by the Board.

The City's contributions to the Local Governmental Noncontributory Retirement System, the contributions for June 30, 2006, 2005 and 2004 were \$27,838, \$27,170, and \$23,192 respectively; for the Public Safety Noncontributory Retirement System, the contributions for June 30, 2006, 2005 and 2004 were \$37,548, \$35,036, and \$27,592, respectively. The contributions were equal to the required contributions for each year.

The City also sponsors a defined contribution retirement plan under Internal Revenue Code Section 401(k), which is administered by the Utah Retirement Systems. The plan covers all full-time City employees who participate in the State's contributory and non-contributory retirement plans. Participants are fully vested in employer and employee contributions.

The City's contribution rates are determined by City resolution. The City's contributions for the year ended June 30, 2006 were calculated using the total participants' salary. The required contributions were made which amounted to \$0 for the year ended June 30, 2006. Participants may make tax deferred contributions through a salary reduction agreement up to a maximum of \$15,000 for participants under the age 50 and \$20,000 for participants 50 and older. The participants' contributions for the year ended June 30, 2006 totaled \$11,348.

9. **LONG-TERM DEBT**

The changes in bonds, notes, capital leases and compensated absences for the year ended June 30, 2006, are summarized as follow:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Governmental activities:					
Bonds payable	\$ 661,000	\$ 892,000	\$ (26,000)	\$ 1,527,000	\$ 27,000

2022-2026	299,000	18,450	317,450			
2027-2031	182,000	960	182,960			
2032-2036	150,000		150,000			
2037	22,000		22,000			
	<u>\$ 1,527,000</u>	<u>\$ 186,300</u>	<u>\$ 1,713,300</u>	<u>\$ 214,000</u>	<u>\$ 31,877</u>	<u>\$ 245,877</u>

Revenue Bonds – Revenue bonds payable at June 30, 2006, with their outstanding balances, are comprised of the following individual issues:

Governmental Activities:

\$652,500 Lease Revenue Bonds, Series 1996, due in annual principal installments of \$13,500 to \$32,000, beginning July 1, 1997 through July 1, 2026, interest of 3.00% per annum. \$ 514,000

\$175,000 MBA Lease Revenue Bonds, Series 1999, due in annual principal installments of \$8,000 to \$9,000, beginning July 1, 2000 through July 1, 2019, interest of 0.00% per annum. 121,000

\$892,000 MBA Taxable Lease Revenue and Refunding Bonds, Series 2006, due in annual principal installments of \$30,000, beginning January 1, 2008 through January 1, 2037. The interest rate is 0.00% per annum. 892,000

Total Governmental Activities \$ 1,527,000

9. **LONG-TERM DEBT (Continued)**

Business-type Activities:

\$195,000 Water Revenue Bonds, Series 1988, due in annual principal installments of \$3,000 to \$22,000, beginning June 1, 1989, through June 1, 2008, interest of 10.98% per annum. \$ 42,000

\$400,000 Water Revenue Bonds, Series 1991, due in annual principal installments of \$14,000 to \$27,000, beginning July 1, 1992, through July 1, 2012, interest of 3.50% per annum. 172,000

Total Business-type Activities \$ 214,000

Revenue bonds issued for governmental activities were used to construct and improve a public safety building, a recreational facility and a swimming pool within the City. All revenue bonds issued for business-type activities were used for the construction, repair, and maintenance of water lines within the City.

10. **CONTINGENT LIABILITIES**

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the state and federal governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

11. **REDEVELOPMENT AGENCY**

During the year ended June 30, 2006, the Help Municipal Corporation Redevelopment Agency collected \$4,574 for the downtown redevelopment project area. During this same period of time, the Redevelopment Agency did not pay any of the tax increment to any taxing agency or unit. Currently, the Redevelopment Agency has no outstanding bonds or loans.

During the fiscal year ended June 30, 2006, the Redevelopment Agency did not acquire any property or contribute to any site improvements.

The Redevelopment Agency incurred \$25 of administrative expenditures in this fiscal year. The Agency did not incur expenditures for the installation of public utilities or other public improvements.

12. **SEGMENT INFORMATION FOR ENTERPRISE FUNDS**

The City operates four enterprise funds. The Water Fund and the Sewer Fund are used for the purpose of constructing storage and distributions systems for culinary water and sewage. The Electric Fund is used for the purpose of accounting for electrical power provided to the resident of the City. During the year, the Electric Fund made a material transfer to the Museum Funds. The Garbage Fund is used to account for the cost of collecting refuse within the City. All of these Funds are kept separate for revenues and expenditures within their own private fund. Although all of the enterprise funds are not major funds, all are presented in this segment information, because the only fund that is not a major fund is the Garbage Fund.

A summary of the financial statements for these enterprise funds is presented below:

CONDENSED STATEMENT OF NET ASSETS

	Water Fund	Sewer Fund	Electric Fund	Garbage Fund

13. **RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To more economically cover these liabilities, the City has purchased a policy with a major insurance company. The City pays an annual premium to the insurance company for the third party liability insurance coverage. The City continues to carry commercial insurance for all other risks of loss, including workers compensation, employee health and accident insurance. At June 30, 2006, the City had no claims or judgments filed against it related to the risks mentioned above.

15. **RELATED PARTY TRANSACTIONS**

There was no related party transactions during the fiscal year ended June 30, 2006.

16. **RECEIVABLES**

Receivables as of June 30, 2006 for the City's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	GENERAL FUND	WATER FUND	SEWER FUND	ELECTRIC FUND	NONMAJOR AND OTHER FUNDS	TOTAL
Receivables:						
Taxes	\$ 114,086					\$ 114,086
Accounts		\$ 40,764	\$ 20,565	\$ 66,366	\$ 8,559	136,254
Governmental	19,342					19,342
Miscellaneous	7,778					7,778
Gross receivables	\$ 141,206	\$ 40,764	\$ 20,565	\$ 66,366	\$ 8,559	\$ 277,460
Less: allowance for uncollectible accounts		(3,355)				(3,355)
Net receivables	<u>\$ 141,206</u>	<u>\$ 37,409</u>	<u>\$ 20,565</u>	<u>\$ 66,366</u>	<u>\$ 8,559</u>	<u>\$ 274,105</u>

17. **INTERFUND BALANCES AND TRANSFERS**

Internal Balances – Included in internal balances on the financial statements are individual fund receivables and payable balances at June 30, 2006 as follows:

	DUE FROM OTHER FUNDS	DUE TO OTHER FUNDS
Museum Fund	\$ 5,236	
Water Fund	20,002	
Community Development - Trust Fund		\$ 25,238
Total internal balances	<u>\$ 25,238</u>	<u>\$ 25,238</u>

17. **INTERFUND BALANCES AND TRANSFERS (Continued)**

Transfers -- Inter-fund transfers during the year ended June 30, 2006 were as follows:

	<u>MUSEUM FUND</u>	<u>ELECTRIC FUND</u>	<u>TOTAL</u>
Transfers out:		\$ (23,055)	\$ (23,055)
Transfers in:			
Museum	<u>\$ 23,055</u>	<u> </u>	<u>23,055</u>
Totals	<u>\$ 23,055</u>	<u>\$ (23,055)</u>	<u>\$...</u>

18. **SUBSEQUENT EVENT**

In a prior year, the City received a CDBG grant of \$107,768 for the construction of the Rio Theater. The grant stipulated that in order to receive these funds, the City had to create three full time jobs in connection to the Rio Theater. The City was unable to adhere to this grant requirement and has been contacted by CDBG, to either comply with the requirements or face the possibility of paying the grant back. The City and CDBG representatives have not made their decision.

19. **BUDGET VARIANCE**

For the year ended June 30, 2006, the City had no unfavorable budget variances.

20. **BOND ISSUANCE COSTS**

During 2006, the City issued \$892,000 of Taxable Lease Revenue and Refunding Bonds. As a result of this bond issue, the City incurred \$17,301 of bond issuance costs. These costs have been capitalized and are being amortized over the life of the bonds, which is 31 years. The City's amortized expense for the year was \$558 and the accumulated amortization at June 30, 2006 is \$558.

21. **USE OF ESTIMATES**

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United State of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

RE: Report on Compliance and Other Matters
and on Internal Control Over Financial
Reporting Based on an Audit of Financial
Statements Performed in Accordance With
Government Auditing Standards

We have audited the financial statements of Helper City as of and for the year ended June 30, 2006, and have issued our report thereon dated December 20, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, City Council and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

RE: Auditors' Report on State Compliance
for State Grants

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Helper City for the year ended June 30, 2006 and have issued our report thereon dated December 20, 2006. As part of our audit, we have audited the City's compliance with the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; special tests and provisions applicable to each of its major State assistance programs as required by the State of Utah Legal Compliance Audit Guide for the year ended June 30, 2006. The City received the following major State assistance programs from the State of Utah:

Class "C" Road (Utah Department of Transportation)
Liquor Law Enforcement (State Tax Commission)
Community Impact Grant (Department of Community and Economic Development)

The City also received the following nonmajor grants, which are not required to be audited for specific compliance requirements. However, these programs were subject to test work as part of the audit of the City's financial statements.

Police Grants (Utah Department of Public Safety)
Rape Crisis Grant (Utah Department of Public Safety)
Fire Department Assistant Grant (Utah Department of Public Safety)
Library Grants (Utah Department of Community and Culture)

Our audit also included testwork on the City's compliance with those general compliance requirements identified in the Compliance Manual for Audits of Local Governments in Utah including:

Public Debt
Cash Management
Purchasing Requirements
Justice Courts
Other Compliance Requirements
Liquor Law Enforcement
Asset Forfeitures

Budgetary Compliance
Truth in Taxation and
Property Tax Limitation
Uniform Building Code Standards
Impact Fees
B & C Road Funds

The management of Helper City is responsible for the City's compliance with all compliance requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

The results of our audit procedures disclosed no instances of noncompliance with the requirements referred to above.

In our opinion, Helper City, complied, in all material respects, with the general compliance requirements identified above and the requirements governing types of services allowed or unallowed; eligibility; matching, level of effort, or earmarking; reporting; and special tests and provisions that are applicable to its major State assistance program for the year ended June 30, 2006.

Honorable Mayor and Members of the City Council
Helper Municipal Corporation
Helper, Utah 84526

Ladies/Gentlemen:

The following comments and recommendations are a result of our review of the accounting procedures and internal controls in connection with our examination of the financial statements of Helper Municipal Corporation for the year ended June 30, 2006.

Since our review was made primarily to determine the scope of our auditing procedures and was not intended as a comprehensive study or evaluation of the systems and procedures, this memorandum should not be considered all inclusive.

We welcome the opportunity to discuss any items mentioned in this memorandum or any other accounting or procedural questions.

UNTIMELY BANK RECONCILIATIONS

As of October 30, 2006, Helper City had not completed bank reconciliations for July, August and September 2006. Performing monthly bank reconciliations in a timely manner is a critical internal control that helps ensure that the City's cash receipts and disbursements have been properly safeguarded and recorded. Timely bank reconciliations are a key control relied upon for the detection and correction of errors and possible misappropriations.

We recommend that the City complete monthly bank reconciliations on a timely manner.

City's Response

The City agrees with the recommendation and will implement it immediately.

SUMMARY

We feel the issue mentioned above is an area where the City can make changes so as to further improve its internal control structure to safeguard the assets, check the accuracy and reliability of accounting data and promote operating efficiency.

Sincerely,

SMUIN, RICH & MARSING

Price, Utah
